Senator Mauzy offered the following amendment to the bill:

Amend **H.B. 563** by striking all below the enacting clause and substituting in lieu thereof the following:

SECTION 1. The commissioners court of a county having a population of 1,200,000 or more, according to the most recent federal census, may charge and collect a fee from members of the general public for admission to a county-operated museum, historical site, historical building, or other similar building or site.

SECTION 2. The commissioners court by order may set the admission fee authorized by this Act. Admission fees charged and collected under this Act shall be placed in a county special fund to be used by the commissioners court for the payment of costs associated with the administration, maintenance, security, or staffing necessary to operate the building or site. The special fund may not be expended for purposes other than those associated with the building or site.

SECTION 3. The importance of this legislation and the crowded condition of the calendars in both houses create an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days in each house be suspended, and this rule is hereby suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted.
